

UPPER EVERGLADES

DEVOTED TO THE SIMPLE VERITIES OF HUMAN LIFE IN THE CANAL POINT, PALM BEACH COUNTY, FLORIDA

VOL. 7—NO. 14. FRIDAY, JUNE 6, 1930

MORE SOLID CARS OF GLADES TRUCK THAN LAST YEAR

Railroad Furnishes Figures of Upper Glades Movement in 1929-30

TOTAL OF 2,104 CARS FROM F. E. C. STATIONS

Eastern and Southern Shores of Lake About Equal in Production

Two thousand one hundred and four cars of vegetables were shipped from the stations of the Florida East Coast railroad in the 1929-30 season, and the detailed statistics furnished by C. R. Phillips of West Palm Beach, district freight agent, shows that of the 2,104 cars, 1,571 cars were beans, 117 were cabbage, 115 tomatoes, 61 potatoes, 47 celery and the remainder, 101, were lettuce, peas and carrots. The number of mixed cars was 160. The number of straight cars of all classes from each of the several stations was:

| |
|----------------------|
| Okeechobee 29. |
| Port Mayaca 53. |
| South Cut Siding 47. |
| Canal Point 717. |
| Pelican Lake 199. |
| Cardwell 117. |
| Rumays 43. |
| Belle Glade 712. |
| South Bay 132. |
| Lake Harbor 56. |

This does not represent the entire production of the region for it does not include the sales to trucksters or the express shipments or the shipments by boat or the sales made by growers who hauled their stuff out and sold it themselves on the east coast or elsewhere.

The 2,104 cars shipped by freight in the 1929-30 season, is small when looked at one way and large when looked at another way. It is more than was shipped in the preceding season and less than in the 1927-28 season; it was a small movement in proportion to the acreage but heavy in view of the damage done by the frost in March and the flood in April.

The movement by freight in the 1927-28 season was 2,337 cars and in the 1926-27 season was 1,923. The 1927 fall bean crop was heavy and made the season total high.

The tomato crop in the spring of 1930 was the smallest ever made in this region, for it made only 115 cars, whereas in the year of 1929 it made 246 cars and the previous season of 1928 the season before that.

TRUCKERS WANT PACKING HOUSE

A company to specialize in growing and packing leaf and bunch vegetables is to be organized by a group of truckers in the Palmetto district, thus advancing the campaign for better handling of crops and development of the system of selling mixed cars of vegetables in the smaller cities of the country.

Engaged in the project are: Dr. W. L. LaRue, R. J. Simonson, O. B. McCune, Frank Primm and W. G. Smith, and the owners of land in Palmetto, Lake bottom. The company will have a packing house on a sliding road of Palmetto to adjacent to the Florida Power & Light Company's ice plant that ice can be had with little handling. A modified system of pre-cooling will be used at the outlet, the pre-cooling facilities to be enlarged as increased membership in the company brings about larger production.

General Traffic Manager Kirkland of St. Augustine and District Freight Agent Phillips of West Palm Beach are conferring with the farmers who have been

BASE BALL

AZUCAR TEAM WINS
The Southern Sugar Company's Azucar team yesterday at Wright Field won from the Lytle-Mittel team by a score of 5 to 1. This was the second game Lytle-Mittel has lost. Paul Mandoli's three hits was a feature of the game.

MOLE DRAINAGE SHOWS BENEFIT

Work Done at Canal Point Gives Means of Observation

Opportunity to see mole drainage in action is being given by installing a mole drainage system at Canal Point, where the canal runs close to a north and south line that crosses the ends of the moles. The water that runs from the soil into the ditch is clear of brown, showing that the poisons have been washed out of the ground. A merit of mole drainage is that the ditches can be half a mile apart instead of a quarter of a mile; the same result is obtained as with tile drainage and at much less cost.

Mole drainage was tested several years ago at Everglades Experiment Station, where it is still in use, the openings under the soil having withstood, during Frank U. Davis, opening the system at the outlet when he opened the drainage farm on section 36, north of Canal Point, and the sugar company is so draining all its land having thousands of acres milled.

Machines can be bought to make the moles but such machines usually have to be rebuilt to adapt them to the mucklands of the Everglades. The sugar company builds its own machines in its shop at Clewiston. The mole is made by a knife that extends into the ground and makes a small opening that closes at once, followed by a pipe set below the surface of the ground at the depth desired, the pipes being drawn through the soil. The mole can be made to extend to a ditch outlet. As the drainage is underground, there is nothing to obstruct the planting of sugarcane on the surface.

Use of mole drainage probably will be the means of making use of mineral elements for soil correction unnecessary or reduce the quantity and cost of application of chemicals, for the deleterious substances are washed out of the soil and the rainwater and carried off by the ditches and disposed of by the pumps.

WITT GUISE WINS PRIZE

FROM NORTHERN FANS
Witt Guise of Palmetto is pitching for a Hazelton, Pa. team and recently after he won from Scranton the Hazelton daily paper the prize.

"Pitching a mastery game" he fanned the last man in the bottom of the ninth, the first of the ninth, Lefty Guise, University of Florida hurler, won a well earned prize of \$100. Guise, who had entered the hillok with a 4-3 count against him a man on base and in to the mound. He won the game 10-4.

MILL'S PAY ROLL PUTS BIG MONEY IN CIRCULATION

Currency and Silver For the Field Workers, Checks For Office Men

CANAL POINT MILL TO GRIND NEXT SEASON

No Decrease in Number of Employees As Class of Work Changes

Eleven thousand dollars was paid Saturday to laborers in the Southern Sugar Company's Canal Point division, and there was no pay day for the office men and foremen Monday.

Letters from the Clewiston office of the sugar company to the stockholders meeting in St. Louis this month, when authority will be given for financing plans under which the expansion plan will be carried out.

Employees of the sugar company will begin work in clearing and planting Monday following a five day recess of the laborers after the close of the grinding season. It is freely estimated that more men will be employed by the next season than have been used in producing and grinding this season's crops.

At the close of the grinding activities Monday the records of the company showed that more than 200,000 tons of sugar cane have been harvested and ground up to approximately 30,000,000 pounds of raw sugar and a similar quantity of fibre and a half million gallons of molasses.

"Even with this gigantic amount of sugar and by-product for the four and a half month season it is probable that next season's figures will surpass those for the period just closed."

"From data kept in the Clewiston office it is stated that more than 100,000 visitors from Florida and outside states have been attracted to the Everglades section to see the operation of the sugar mill and to survey the vast expanse of growing cane."

Two of the most important camps in the community are located in Glades County—Beebe Farms and Liberty Point, and those in charge of the community say that at least, as many families will be there this summer as have been for the past four months.

OPEN R. R. SPAN TO LET DREDGE PASS

Two heavy Bucyrus cranes were part of the equipment of a Florida East Coast work train that went south through Canal Point yesterday morning. The train was en route to the south end of the canal to raise a bridge and let a dredge through.

BELLE GLADE MARSHALL

C. C. Pemberton is acting as marshal of Belle Glade. He was an officer in Illinois for many years and is familiar with police practices and is trained in detail. The Belle Glade council recently adopted a vagrancy ordinance. The town limits have been extended to Lake in the "joke."

SCHOOL ECONOMIES

Consolidation of Canal Point, Pahokee and South Bay high schools is urged, with the high school students being transported to Pahokee because of its central location and other advantages in a report made to the county board of public instruction by state inspectors. It is advised that a nine grade be maintained at South Bay. Pupils in grades 7 and 8 at Pahokee could be transported to Canal Point.

ENGINEERS VIEW CONNERS' ROAD

County Engineer Jake Boyd and George O. Butler of West Palm Beach, accompanied by Rufus M. Robbins and W. L. McGuffey, a civil engineer, to act with the county engineer in making an appraisal of the Connors road property owned by the Connors family, which was acquired by the county in a purchase made by the county.

The report of the engineers' inspection of the road will be presented to the board of county commissioners in writing, and the contract for lease-purchase is to be concluded after the engineers have based on negotiations that have been under way for several months.

The Connors highway corporation did not procure right of way from the county, but the road was built and the county officials declare they will not conclude the contract for taking over the road and removing the rubbish unless the claims for right of way are paid.

Robbins was emphatic in his statement that no money will be paid for right of way.

P. TOMASELLO TO GO BACK TO LEGISLATURE

Peter Tomaseello, Jr., with 513 votes was nominated for the legislature over E. M. Meschery, who got 215 and H. M. Hamrick who got 97. In the contest in Okeechobee county, Mr. Tomaseello announced he will be a candidate for speaker of the House for the 1931 session.

IN THE LEGISLATURE

Leon Price was re-nominated for the legislature from Polk county. He was defeated by J. H. Hines, the Republican's committee man.

A. O. Kanter was re-nominated in Marion county, defeating John H. Moore, county judge, by a heavy majority.

J. T. Butler of Jacksonville, nominated for senator from the Duval county district, a relative of George B. Butler, a civil engineer who is a city commissioner in West Palm Beach.

Two of the most important camps in the community are located in Glades County—Beebe Farms and Liberty Point, and those in charge of the community say that at least, as many families will be there this summer as have been for the past four months.

GOVERNMENT METHOD OF TESTING CONTAINERS

"Method of testing the capacity of fruit and vegetable containers under the United States standard container act" is the title of a bulletin issued by the division of fruits and vegetables of the bureau of agricultural economics. It is dated May 12 and is number 181 and copies can be had on application to the department at Washington.

DIED ON MOTOR TRIP

Mr. W. B. Richards, minister of St. Peter's church, died last week at a hotel in St. Louis. He was a member of a motor party in the city. The cause of death was a heart attack. He was 70 years old. His body was buried at St. Louis.

ELVIN BASS WINS

OTHERS TO GO IN SECOND PRIMARY

Democrats Make Party Nominations In First Election Under New Law

R. K. Lewis in RUN-OFF WITH JOHN F. O'Rourke

Bryan and Hartbridge To Contest For Judge; Close Race For Clerk

Elvin A. Bass of Pahokee, an attorney, the Everglades candidate for representative in the Florida Legislature, was nominated in the Democratic primary held Tuesday. He carried all of the precincts in the Everglades and most of the precincts in the northern part of the county, most of the precincts in West Palm Beach and the precincts in the northern part of the county. His total vote being 1,863, majority of 306 over C. V. Byrd of No. 2.

Mr. Bass' nomination maintains the supremacy of a Democratic primary in the county. A precedent set by the nomination two years ago of Howard Sharp of Canal Point for representative. This was the first election under the primary law that did away with the second-choice voting.

There was no second choice the balloting was simpler. The second primary will be held Tuesday, June 24.

R. K. Lewis of West Palm Beach with 1,224 votes, defeated group 1 but as he lacked a majority he will be in the second primary with John F. O'Rourke, who received 914. The other candidates were J. T. Butcher, 812, and C. G. Gaudin, 613.

W. E. Roebuck, incumbent, with 1,227 votes defeated Martin J. Walker, who received 1,170 in the race for solicitor of the criminal court of record.

John A. Baker was nominated for state attorney. He received 2,328 votes. His opponent, George F. O'Rourke, received 1,227.

A. G. Hartbridge, incumbent, and J. A. Stokerson will have to go to the county board of public safety for the criminal justice for judge.

Edgar C. Thompson was eliminated as a candidate for judge. He was defeated by Bryan 1,277, Thompson 1,189.

There were seven candidates for clerk of the court. The vote was divided, no candidate getting a majority. The vote was divided, no candidate getting a majority.

The primary law is a success of record and the vote was much divided, no candidate getting a majority. The vote was divided, no candidate getting a majority.

The primary law is a success of record and the vote was much divided, no candidate getting a majority. The vote was divided, no candidate getting a majority.

RELIEF FROM FLOOD CONDITIONS TO BE SOUGHT FROM DRAINAGE BOARD BY PEOPLE OF UPPER EVERGLADES

DELEGATION TO ASK ACTION AT SESSION TODAY

West Palm Beach canal at the lake end was at elevation 164 this Friday morning. The spillway and lock were open and the water was running from the canal to the lake and the current was swift. On June 2 the canal and lake were 13.6. The lake rise in four days has been eight-tenths of a foot.

PINELAND WATER INUNDATES LAND IN MUCK REGION

Narrow and Shallow Canal Inadequate To Carry All Flood Waters

Flood conditions exist in the upper Everglades section of Palm Beach county, produced as floods have been caused in other years by the inability of water to reach the spillway at West Palm Beach canal at Dixie highway for discharge into the Atlantic ocean.

Water is being held back from St. Lucie canal territory through lateral ditches B and A and Big Mound canal, the discharge into the lake through the West Palm Beach canal and run through through the lake and the total in the week ending last Tuesday was 20 inches. Miami was at the same amount in the lake and the total in the week ending last Tuesday was 20 inches. CITIZEN'S DIFFICULTIES

Taxes in West Palm Beach are not high and that city hasn't the heaviest burdened municipalities in the world, as its detractors are saying. The burden in West Palm Beach is for special benefits, just as the burden in the Everglades is for drainage that doesn't function.

Great Britain's state and local taxation amounts to approximately 21 per cent of her aggregate national income. This fact has been worked out by Herbert G. Williams, late parliamentary secretary to the board of trade in the previous Conservative regime.

There is nothing unique in West Palm Beach's financial situation. Memphis, Tenn., once went into the hands of a receiver because of the maladministration of its municipal affairs, and the origin of the commission form of government was in the necessities of Galveston after a great disaster.

After the collapse of real estate booms years ago in the Missouri river valley and in the Puget Sound country, Sioux City and Seattle and other cities had problems greater than that of West Palm Beach.

The pugnaciousness of the real estate speculators on the east coast is a handicap on the rest of the country and the state, for their bitter complaints and pleas for assistance gave a false impression that the majority of other sections of the state committed the same errors and seek the same remedies.

THE NEXT ELECTION

The outcome of the national election two years hence may be decided by the vote in the Hayes-Allen campaign in 1936, and as it was in the Hayes-

Allen campaign in 1876, and a vote cast in some precinct in the Everglades may determine whether the next president of the United States is a Republican or a Democrat.

The Republican party is in a bad way, and its leaders know it. Several mid-western states, nominally Republican, are in no wise in accord with the policies of the New England group of Republican states, the mid-western senators and representatives cannot be counted upon to support the regular Republican program. The Republican party is dependent for its continuance in power on states heretofore Democratic. To replace Minnesota the regular Republican must have Virginia, to replace Wisconsin the regular Republican must have North Carolina, to replace Iowa they must have Tennessee, to replace Nebraska they must have some other southern state. They want to make Florida a solidly Republican state. This is a time for Democrats to be on their guard.

If the southern states are loyal to the Democratic party these states will dominate the Democratic party, but if the southern states go Republican they will be dominated by the New England states. The power of the south is to be increased by one process and lessened by another.

The attitude of some of the candidates for the Legislature has reminded several Florida editors of the old story of an application for a position as teacher of a country school. The school trustees asked an applicant if he taught it flat or round, "meaning did he think the earth a globe or a plane." "It's perfectly am-"
"Til teach it either way or both ways; I want the job."

STALS NOT QUALIFIED

C. W. Stalls was to have been a candidate for county commissioner from district No. 1, Glades county, but neglected to make proper filing at the proper time, hence his name will not be printed on the official ballot.

GOOD NEWS FOR HOME OWNERS

Pay as little as 10 per cent down for Bath and Toilet

HAVEN'T you often wished that a many beautiful and convenient new things offered in plumbing and heating had been on the market when you built your home? Haven't you thought how much more comfortable to live in, how much easier to heat, or rent, if you would make your house? Haven't you said that you would put some of them in, if you had the ready cash?

Through the Crane Budget Plan, you can have these things, and one thing that exists in plumbing and heating, any improvement you want... without having to worry about ready cash.

Pahokee Plumbing Co.

PAHOKEE

Misses Allene and Nannie Lou Thompson of Swainsboro, Ga., left for their home Monday afternoon after a two week visit with Mr. and Mrs. L. W. Thompson and other relatives of Pahokee.

Mrs. Jack Giffen left Tuesday morning for Jacksonville, Fla., and Mrs. H. E. Wallace and J. A. Cone spent the week apd in Bradenton.

Mrs. Mrs. H. E. Rice spent the week end in West Palm Beach. They stayed over until Tuesday for the election.

Mrs. Henry Padgett and children are visiting in Hallendale. Floyd Jones left Monday morning for North Carolina where he will spend the summer.

Dr. C. K. Vile of West Palm Beach delivered the morning sermon and held the quarterly conference Sunday at the Methodist church.

Rev. S. A. Renicks delivered an interesting sermon in the Pahokee Woman's Club house Sunday morning.

Judge Giffen of Miami was in Pahokee Sunday. Uecba Jones, Edna Pearl Wheeler, Nettie Jones, Park King and Floyd Arrington were in West Palm Beach Tuesday at the dinner.

Quite a few Pahokee people attended Dr. Charles H. Arrington's lectures at the union church at Canal Point.

Mrs. J. H. Tilden is able to be up again after being ill at her home for several weeks.

Mr. and Mrs. J. C. Tabb, W. P. Walker, Mr. and Mrs. A. E. Sheffield, Mr. and Mrs. C. A. Batheford and son Lavin, Mr. and Mrs. A. E. Sheffield and J. H. Ritchie.

Mrs. W. H. Key spent the week end in West Palm Beach. J. C. Maxwell, Bob Joe Sanders, Joe Gray, Jack Gray, Ed Spooner, Crocker and Hoyt Maddox left for Fish Eating creek Tuesday.

Bob Joe, Joe Gray, Jack Gray, Hoyt Maddox and Ralph Maxwell returned Wednesday. The rest went on to Everglades City and returned Thursday.

Mrs. J. S. Spooner who has been ill at her home the past few weeks is improving.

Mr. and Mrs. Prevatt spent Sunday in Fort Meade and returned Monday.

N. W. Giles was called to the bedside of his father in Helena, Cal., Wednesday night, and was accompanied there by his wife and daughter Margaret.

A play entitled "O'Kay" was presented Friday evening at the auditorium by the Pahokee school. The play was directed by Miss Myrtle Paulk.

A miscellaneous show was given in honor of Mrs. Lou Maxwell Wednesday afternoon at the Pahokee Woman's Club house. The hostesses were Mrs. Hudson, Mrs. Rebecca Reed, Mrs. Thomas Dick, Mrs. Aultman Morgan. Miss Paulk gave a reading "The Usual Way" enjoyed by all. Presents were passed around in which each found her fortune. Mrs. Parker said "When We Are Married," which was enjoyed very much. She was accompanied at the piano by Mrs. Ralston. A book "Advice to the Bride" was passed around and each person wrote a bit of advice which was read by the bride. Delicious refreshments of punch and cake were served. Those present were Mrs. Hansen, Mrs. Smith, Mrs. Todd, Miss Laila Bartfield, Mrs. Ralston, Mrs. Parker, Mrs. Thomas, Miss Lorraine Elliott, Hazel Elliott, Emma Jones, Mrs. Powell, Mrs. Crutcher, Mrs. Kaitzenbush, Mrs. Swain, Margaret Jones, Mrs. Maxwell and the hostesses.

BASS' THANKS

I wish to express my sincere appreciation and thanks for the support and votes received by me during the Democratic primary.

I feel that I must consider this as an expression of the fine spirit of co-operation existing between the eastern and western sections of our country, for which I am very grateful.

ELVIN A. BASS.

SMITH FISHERIES CREW
Fishing having closed on Lake Okechobee, the Smith Fisheries crew of Moore Haven has sent four crews to Lake Kissimmee and will send another crew later. G. J. L. Smith, the manager, will go to Kissimmee and open an office.

IN LIEU OF GOLF

The Editor's Own Column

Just as the twig is bent, the tree's inclined, the poet Pope says it was the first time I had heard of Yes, may be, but when the bending and when the inclining? This week I received a letter from a man I knew when we were boys.

He was the first time I had heard of him or of him for twenty years. His father was a Methodist minister in North Carolina, and he learned the printing trade but for several years he put in more time as a professional gambler than as a printer, and for a while he was the editor of a Socialist paper in North Dakota. It would be hard to show a worse record than that. But he raised a family of six children who were well behaved and are doing well, and he is a sadate and respected citizen.

This is the day before the primary election. It is a sort of an anniversary with me, for four years ago I was a candidate for county commissioner and two years ago I was a candidate for representative in the Legislature. It is an inexpressible relief to feel that the outcome of the election tomorrow will not count me in as a same manner and measure that the other elections did. There is some fun in campaigning but it is a strain, too.

There grows in the Everglades a thorny weed that is doubtless a pest—a pest because it is a weed and because it is thorny. Professor Spear, the teacher of agriculture in the high schools, says it is of the same botanical family as the yucca or carline, and he ought to know, any way I won't argue with him about it.

Little Willow Spooner entered a number of friends with a birthday party at her home Monday night. Delicious refreshments of punch and cake were served. Those present were Mr. and Mrs. Spooner and family, Mrs. C. A. Batheford and son Lavin, Mr. and Mrs. A. E. Sheffield and J. H. Ritchie.

Mrs. W. H. Key spent the week end in West Palm Beach. J. C. Maxwell, Bob Joe Sanders, Joe Gray, Jack Gray, Ed Spooner, Crocker and Hoyt Maddox left for Fish Eating creek Tuesday.

Bob Joe, Joe Gray, Jack Gray, Hoyt Maddox and Ralph Maxwell returned Wednesday. The rest went on to Everglades City and returned Thursday.

Mrs. J. S. Spooner who has been ill at her home the past few weeks is improving.

Mr. and Mrs. Prevatt spent Sunday in Fort Meade and returned Monday.

N. W. Giles was called to the bedside of his father in Helena, Cal., Wednesday night, and was accompanied there by his wife and daughter Margaret.

A play entitled "O'Kay" was presented Friday evening at the auditorium by the Pahokee school. The play was directed by Miss Myrtle Paulk.

A miscellaneous show was given in honor of Mrs. Lou Maxwell Wednesday afternoon at the Pahokee Woman's Club house. The hostesses were Mrs. Hudson, Mrs. Rebecca Reed, Mrs. Thomas Dick, Mrs. Aultman Morgan. Miss Paulk gave a reading "The Usual Way" enjoyed by all. Presents were passed around in which each found her fortune. Mrs. Parker said "When We Are Married," which was enjoyed very much. She was accompanied at the piano by Mrs. Ralston. A book "Advice to the Bride" was passed around and each person wrote a bit of advice which was read by the bride. Delicious refreshments of punch and cake were served. Those present were Mrs. Hansen, Mrs. Smith, Mrs. Todd, Miss Laila Bartfield, Mrs. Ralston, Mrs. Parker, Mrs. Thomas, Miss Lorraine Elliott, Hazel Elliott, Emma Jones, Mrs. Powell, Mrs. Crutcher, Mrs. Kaitzenbush, Mrs. Swain, Margaret Jones, Mrs. Maxwell and the hostesses.

Mrs. W. H. Key spent the week end in West Palm Beach. J. C. Maxwell, Bob Joe Sanders, Joe Gray, Jack Gray, Ed Spooner, Crocker and Hoyt Maddox left for Fish Eating creek Tuesday.

Bob Joe, Joe Gray, Jack Gray, Hoyt Maddox and Ralph Maxwell returned Wednesday. The rest went on to Everglades City and returned Thursday.

Mrs. J. S. Spooner who has been ill at her home the past few weeks is improving.

Mr. and Mrs. Prevatt spent Sunday in Fort Meade and returned Monday.

N. W. Giles was called to the bedside of his father in Helena, Cal., Wednesday night, and was accompanied there by his wife and daughter Margaret.

PAHOKEE BAPTIST CHURCH

The pulpit will be filled at the Pahokee Baptist church by Rev. Will Starling at both the morning and evening services Sunday. Everyone is cordially invited to attend.

Sunday school and other affairs will be held at the usual hour. The meeting will meet at the usual hour.

McLarty Presides At Rotary Club Session

George C. McLarty, the new president, will preside at the regular meeting of the Pahokee Rotary Club to be held at the Civic Lunch at noon today. P. E. Foster manager of the B & B store, will be expected a new member, and it is expected a piano will be in place, for test preliminary to purchase in order that singing can be accompanied. The director's office weeks ago ordered three signs which show the club emblem and state the place and date of meeting for the information of visiting Rotarians. The signs are to be placed on Belle Glade road and on Corners highway and the Canal Point road by Fred Reynolds, the painter.

REV. RENICK'S SERVICES
Rev. S. A. Renicks will preach in the Woman's Club at Pahokee on Sunday night, 8 o'clock. Don't fail to hear the message on "Hypocrites, Who They Are, What They Are, Where They Are." Before you come look up the hypocrites, chapter found in Matthew 23. He will also preach at South Bay Baptist church Sunday morning at 11 o'clock on "The Election or Who is the Man?" Come to the services and be on time so you will get a seat.

CLOSE FOR SUMMER
Mrs. Charles Moran has closed the Paddett store for the summer. The stock was reduced in anticipation of closing but the store will be restocked in the fall.

ROTARY CONVENTION
L. L. Stuckey has been elected Pahokee club representative to the international convention of Rotary to be held in Chicago this month.

LIFE-Southern States, AUTO-AMERICAN, HEALTH-Mutual FIRE-ROCHESTER, ROCHESTER, Mass. Fire and Marine.

PEOPLE WE KNOW
Carr Settle of Moore Haven has a job with the state highway commission of Oklahoma, and is stationed at Oklahoma. Bill Blakely, another Glades county boy who has a job at Tonkawa, Carroll Gant, another Moore Haven boy is at the Hampton Roads, Va., naval yard and expects to be transferred to the radio room of a sea-going vessel.

W. T. McClure and family formerly of West Palm Beach, are now located at Vidalia, Ga. Evidently he is connected with a vegetable deal, for the letter asking change of address for his paper is written on the letter head of a growers association. Mr. McClure was road foreman in the fifth commissioner district a few years ago and later got into the trucking and commission business.

FRIDAY, JUNE 6, 1930

Continued to Page Three

Half-Holidays

THURSDAYS—NOW IN EFFECT

Please arrange to attend to banking business in the morning so that all may enjoy a half-holiday each Thursday during the warm summer months.

Bank of Canal Point

CANAL POINT

Frank Stovall of Leesburg, Ga., who played on a Canal Point baseball team several years ago, is being tried out by the Boston Braves as a short stop. He is a cousin of Guy Stovall, Billy Stovall, another former member of Lake Okechobee team, is running a store at Macon, Ga., and has been signed by the Boston Company for the Shawano team in the Palm Beach County League. Five of the Stovall boys were on the Leesburg, Ga., team and although Leesburg has only 500 population its team is leading the league of which it is a member.

W. A. Baxter has returned from a stay in the St. Johns district. He is again living with his son Clayton on Racoon Point. Mr. Baxter, the brother of the late Canal Point a few years ago. He is the father of Mrs. Bob Mason, whose husband was a tollgate man three years ago. The Masons are now living in Savannah, where Bob is employed on a dredge.

Mr. and Mrs. G. H. Tucker and family left for a vacation tour of New England and part of Canada. They expect to return about the middle of August.

Mr. and Mrs. Lavette Sims are entertaining Mrs. Sims' mother, Mrs. Abner of Georgia. Mrs. Sims and children will return with Mrs. Abner in a week or so for a vacation of several weeks.

John Fultz and family left this week for Connetquot, Mich. His old home, to be gone an indefinite length of time. They will drive through, Mrs. Fultz was a pioneer on the lake and John has been here many years. Their friends wish them good luck and an early return.

Captain Dunn came up from Miami Tuesday and steamed up the boat 'Lillie' and returned her to South Bay. The Lillie is Captain Clay Johnson's old boat and was brought here as an attraction for the Boat Festival.

It was supposed to be put to the same use next season. The Methodist Aid Society held a good sale Tuesday noon on the lot between the post office and the Milliken drug store.

John F. Thomas came down this week from Quirk. He had been here for a few days last week. He is down for a few days to see his family in West Virginia if a sale is made.

Thurmond Knight and H. J. Tesh have returned from a vacation stay at Safety Harbor. They say they got benefit from rest and the use of the water and the physicians' treatment.

There is a considerable number of discharges from the Pahokee district into West Palm Beach canal was terminated by flood waters Tuesday. A sugar company crew worked all day to restore the dam and they got the water shut off that afternoon.

John Elliott, Francis Cross and others reported Wednesday morning that water was in for sale and the family will stay in West Virginia if a sale is made.

C. P. HIGH SCHOOL

CANAL POINT AND PAHOKEE PUBLIC SCHOOLS CLOSE TODAY

By F. H. Bishop.

As we look back over the past school year, we can, as a whole, consider that we have had a very successful year. During the past school year we have enrolled close to six hundred students, giving the students in the elementary schools eight months of school and the high school students nine. The people of East Beach should be congratulated on the splendid cooperation which they have given the teachers during the year. At a time when it seemed necessary for the people to raise money to carry on the ninth month of school it was only a short time until the teachers were assured that the money would be raised.

It is true, that people of the communities of the county did the same thing; however, I feel that the people of East Beach did it to a much greater degree. Since we can look back and see some progress which has been made during the past school year, now let us give our attention to the future and see the many things that may be accomplished during the coming year. In the next few years, according to the present plan, there will be a much greater population on East Beach which will naturally require for better education for the children of the county. The teachers of the Canal Point community and give the boys and girls a greater opportunity.

The teachers of the Canal Point community and give the boys and girls a greater opportunity. The teachers of the Canal Point community and give the boys and girls a greater opportunity. The teachers of the Canal Point community and give the boys and girls a greater opportunity.

Mr. Stovall said Giblen was a resident of Okechobee several years ago and it was there he met him. And that Giblen still owned a lot of land and acreage at Okechobee.

Sentiment in the lake region is against creation of private fish and game reserve, as was disclosed a few years ago, when there were several projects of that kind, sponsored by real estate promoters who sought to interest wealthy sportsmen who have winter homes at Palm Beach.

As usual, W. H. Vann was the first voter; Jess Elliott was second and Edward Sharp third. It was the first time in Florida that Republicans sat on an election board in a primary election. For this was the first time the Republican Party made their nomination in a primary, their practice having been to nominate in a convention.

She didn't know that she would ever be in Florida again. She was to leave this week for Michigan.

The banks at Canal Point and Pahokee were closed Tuesday but it was because it was the anniversary of the birth of Jefferson Davis, president of the Confederacy, and not because it was a national holiday.

The announcer for a Miami radio station said: "Mr. Sonando will continue his program by playing 'A Daffy Fool' Woman Like Me' from the Vitaphone company."

That ought to help attendance the next time Dan holds his town to Day.

There is more corn in the Canal Point and Miami districts than usual. After the first in March a good deal of extra seed was planted by the people who didn't have money through to buy been used for replanting.

Mr. and Mrs. R. T. Gibben are planning to spend the summer at bridge Thursday evening of last week at their home in Canal Point. A delicious salad was served.

THREE BUILDINGS AT CANE STATION

Three buildings, each to cost \$1,000 and to be connected to constitute a dwelling of a value of \$3,000, are being constructed by the United States Department of Agriculture on the plot of ground in the north part of Canal Point where a field station is maintained for the bureau of plant industry.

The main building, fronting on Canal Point highway and north of an existing cottage, is to be the living room and dining room, with dimensions of 37 feet by 16½ feet and a porch. Back of it is a building 18x30 in which there will be the kitchen and a bedroom and another building of the same size in which will be two bedrooms.

The living quarters at the station are inadequate for the staff. Dr. B. S. Sartoris and Dr. R. T. Sheffield, foreman, and the new building is to supply the deficiency.

OCEAN TRAFFIC THROUGH CANALS

Ocean-going vessels of 12 feet draught or more are allowed through St. Lucie canal and Lake Okechobee and saving six days' time, as well as saving much on insurance as a consequence of a government appropriation for a flood control and aid to navigation in the Lake Okechobee and Caloosahatchee river areas.

A call marked on maps of the Florida East Coast from Lake Okechobee through Canal Point and Belle Glade and South Bay to Lake Harbor at Miami canal, where it connects with the Atlantic Coast Line which serves Clewiston and Moore Haven on the west side of the lake.

Realization of the dream of a railroad around the lake and a highway is taken by the old-time as justification for holding to the hope that the cross-state waterway will likewise be brought about. Many of the more recent arrivals in the lake region, although anxious to enthusiasm for the waterway, think of extension of a canal on the eastern and southern shores of the lake, the excavated material to go into a levee, and the straightening of Caloosahatchee river to Fort Myers. These hopes do not take into consideration the size of the lakes and the location of the lock sills which in their present condition furnish a barrier to the use of St. Lucie canal by vessels of ocean-going draught.

Use of St. Lucie canal and Lake Okechobee and Caloosahatchee river as a cross-state waterway is, it is believed, the best way to accomplish the dream of a railroad around the lake and a highway is taken by the old-time as justification for holding to the hope that the cross-state waterway will likewise be brought about.

BELLE GLADE

Large Delegation of Belle Glade Women Attend County Council Meeting at Lake Worth

The Belle Glade Home Demonstration Club sent a delegation of twelve to the county meeting held at Lake Worth on May 29, that being the largest representation of any club. The meeting opened at 10 a. m. when various dresses and suits were displayed, each contestant telling the cost of material and time required for making garments. Some very attractive models were shown and prizes were awarded the winners. The beautiful picnic dinner which followed proved that the ladies were clever in the preparation of foods as well as with the needle. Following the dinner, each club put on a stunt, which proved a good fun maker. At the close of the session a number of the ladies took a dip in the ocean. Those representing Belle Glade were: Mesdames Ben Parker, Joe Cherry, J. F. Browne, George Parker, J. Morris, M. L. Alpaugh, L. C. Betzner, A. M. Webster, Bertha Pemberton, Carl Hanesy, J. R. Hoch and Miss Alice Reed.

There were fourteen ladies present at the city hall last Friday to make plans for the coming year. Garden Club, the Womens Club and the Home Demonstration Club. The purpose of this meeting was to make plans for selecting a Belle Glade girl to represent our community in the Flower Petal to be held in West Palm Beach July 3 and 4. It was decided to hold a special meeting at the Legion Hall at 3 p. m. on June 16. At this time the members of the three participating clubs and their husbands will ballot for the choice of the girl to represent Belle Glade. The ladies are to plant and pot flowers, so that they can be used in decorating the float to be sent from this section.

Womens Club to Take Summer Breeze

Mrs. J. P. McEwen was hostess to the Womens Club Wednesday for the last meeting before the summer recess. Notwithstanding the heavy rain the following members attended: Mesdames J. F. Browne, G. E. Teller, D. T. W. Miller, A. M. Webster, George Parker, J. Morris, J. R. Hoch and Miss Alice Reed. The ladies decided to purchase a hectograph to lighten the work of the secretary. It was announced at this meeting that Clewiston, South Bay, Shawnee and Belle Glade are to cooperate in the preparation of a large float to represent the Everglades Garden Club at West Palm Beach on July 3 and 4. The next Club will be held the first Wednesday meeting of the Womens regular in October. At this meeting gifts were brought in to be sent to the veterans' home in Lake City. Mrs. G. E. Teller and Mrs. J. F. Browne solicited the business houses and met with a generous response, which added to the gifts of the club members will fill a box of creditable size to be sent to those who miss many of the pleasures of life. The club wishes to thank all who helped in any way to fill this box of good cheer. Refreshments of salad and sandwiches and iced tea were served.

A letter received by friends last week from Mrs. D. V. Ferguson states that she and Betty Lillian are visiting relatives in Michigan, while Mr. Ferguson and the boys are in Chicago.

The election board who served here Tuesday consisted of G. L.

Fish Eating creek. They report a good catch and an enjoyable trip. Miss Lottie Lee Stuart invited a number of her friends to partake of a fish supper at her home Wednesday night. May 28. Her husband was G. P. Farrell, Miss Gertrude Wright and Louis Stomonte.

Mrs. Den Parker was hostess to the Ladies Aid of the community M. E. church May 28. Mrs. George Parker was asked to supervise the lunch stand at the meeting. Plans were made for a silver tea to be held at the home of Mrs. A. M. Webster on June 18. All of the ladies of the community are invited and the South Bay ladies are especially urged to be present. A special program and social features are being prepared for this occasion.

Those attending Wednesday were Mrs. A. M. Webster, Mrs. H. C. Stuart, Mrs. Bertha Pemberton, Mrs. George Parker, Mrs. W. W. Miller, Mrs. Shelly Connell, Mrs. McCurdy, Mrs. L. B. Cook, Mrs. J. F. Browne, Mrs. Carl Hanesy, Mrs. J. R. Hoch and Mrs. B. C. Parker. A number of refreshments were taken in at this meeting. At the close of the business program, social refreshments were served by the hostess.

Community M. E. Church Service held at the parsonage, Church school, 9:45 a. m. Evening service, 8 p. m. As Sunday is the anniversary of Pentecost, the sermon theme was in keeping with that occasion.

The South Bay Sunday school invited Belle Glade to meet with them, as arrangements are being made to observe Children's Day in a joint service on June 23. Each school will contribute members for the program. Transportation will be provided for all Belle Glade folks who wish to attend.

JOHN R. HOCH, Pastor.

OKEELANTA

June 2, 1930.

Word was received here that Mrs. E. Bailingor, a pioneer and former resident and a landowner in this vicinity, is slowly recovering from a stroke of paralysis recently suffered in Okeelanta, Iowa.

C. J. Segrave and wife from Port Myers were visitors in our town last Saturday. The couple belong to the early enthusiastic investors in Bryant & Greenwood tracts, presently waiting on long delayed promised drainage.

W. W. Roth was in a position to furnish some information; but of the "times and seasons" of Everglades reclamation "knoweth no man."

The constant accumulation of hyacinths in the North New River canal forced Dave Hetherington to put in a boom to preserve a passage for his house to the road on the west side of canal.

The Hawthleigh Melodrama Company was represented recently by J. J. Geiger from Canal Point.

For a short time Wednesday the Halloway dredge at the intersection of Bolles canal and North

New River canal was fired up. The smoke belching forth from its stack infused new hope into the community—something may be done yet before the close of 1930.

Oscar Knutson spent the week end with his father, Peter. Before returning to his home in Miami he put in an afternoon dicing for corn.

Miss E. Synhorst, Mrs. Maude Cog and a third fellow nurse came out before the close of 1930 to help to recover from a serious scalding.

The heavy rains of this last week have a rather dispiriting effect on settlers; while expecting the rainy season we are surprised at its working overtime day and night.

Chevrolet on Peak Shows Its Worth

COLORADO SPRINGS, Colo., June 2.—A concrete example of the tremendous strides made by automotive engineers toward the goal of mechanical perfection in the modern motor car is provided here daily on the Pikes Peak highway.

A few years ago, a car that would scale the peak was a feat of engineering. Today, the country, while today, thanks to the automotive engineer, a car's ability to perform easily and satisfactorily in the thin rarefied air and on the long steep ascents of the peak is taken more or less for granted.

Despite a greatly improved highway up the peak, the long continuous climb and the light air pressure in the high altitudes, which used to mean a boiling radiator and an engine too hot to make the grade, provide one of the severest tests in America of the mechanical condition of a car.

Even more outstanding than the performance of those tourist automobiles which make a single trip up the steep incline is the record of a fleet of trucks used to maintain the highway in constant repair. The fleet now in such service includes Chevrolet sixes which see almost daily use up in the region above the clouds.

Recently the fleet has been used to haul away huge mountains of snow to prepare the highway for the summer tourist travel. The route was expected to be opened early in June. With the snow cleared away, the fleet will continue in daily service doing maintenance and repair work on the highway.

The Chevrolet used in this work have been in operation for more than a year. That the cars are operating today with the same degree of economy and dependability as a year ago is a fitting tribute to the achievements of those engineers who work quietly behind the scenes in the interest of improved performance at lower cost.

Telephone Workers Are Proud of Their Chosen Vocation

At the close of the day's work telephone men and women have the satisfaction of knowing that they have had an important part in rendering an essential service to their fellow citizens.

In the Southern Bell System 21,600 of them, working as a highly skilled team, complete 8,000,000 local calls and 100,000 long distance calls every day and maintain more than 4,200,000 miles of wire, serving more than 1,000,000 telephones.

A job of this magnitude could be so well done only by intelligent, experienced workers who have a pride in their vocation and a sincere interest in the welfare and happiness of the communities they serve.

The courtesy and cooperation of the telephone folks who serve you is an expression of the desire of the entire telephone organization to render to the public the best possible service at the least possible cost.

Southern Bell Telephone & Telegraph Co. (INCORPORATED)

ENTOMOLOGIST IN GLADES SERVICE

Professor and Mrs. R. N. Lobdell arrived from Mississippi recently to take up residence at the Everglades Experiment Station near Belle Glade, where Prof. Lobdell has been placed in charge of entomological work through appointment by the board of control of the State University at its regular meeting in February.

Prof. Lobdell graduated from the Mississippi Agricultural and Mechanical College in 1910. From 1910 to 1914 he served as assistant entomologist at the Mississippi Agricultural Experiment Station, working particularly upon insect pests of cotton and corn.

From this time until 1917 he was occupied with graduate work under Dr. James G. Needham at Cornell University and in 1917 was appointed a member of the Cornell Entomological Expedition to the Southwest.

During 1918 Prof. Lobdell was in immediate charge of fly eradication work for the U. S. Army in the Camp Pike area. In 1919 he returned to the Mississippi A. & M. College as associate professor of zoology and entomology in the college and as biologist for the Haver Sunday before last, the end of an eight-weeks attendance contest between the Methodist and Baptist churches. The Methodists won.

Three hundred and two persons attended Sunday school in Moore Haven Sunday before last, the end of an eight-weeks attendance contest between the Methodist and Baptist churches. The Methodists won.
